

DISCUSSION QUESTIONS

1 KINGS 9-10

THE KINGDOM OF GOD IN THE WIDER WORLD

For sermon preached on May 31, 2020

If you have been watching the online service from All Nations, you might find discussing the following questions helpful with those in your household:

How do you think the wider world views the church? Why is that?

Why did the Queen of Sheba come to visit Solomon? Was she happy that she had come? Why?

What did Solomon have that she didn't have?

What does the church have to offer the wider world that they don't have already?

If someone with no background in churches was to visit our church, do you think they would be pleasantly surprised? Do you think they would find what they expected to find?

The local church should not be isolated with no contact with the non-Christian world. How have you seen churches attempt to reach the world around them?

What have you seen that has been effective in helping people come to know Jesus, not just get their physical needs met?
